KID'S SPACE

ColombiniCasa

Ogni casa cresce, muta aspetto
e si confronta con bisogni sempre
nuovi. Interpretando le necessità
della vita quotidiana, la collezione è
pensata per trasformare la cameretta
dei bambini, la stanza dei teenager
e gli spazi di servizio di un’abitazione,
in ambienti multifunzionali e personali,
che cambiano il modo di interagire
con lo spazio casa.

Every home grows, changes its look
and adapts to ever-changing needs.
The collection interprets the demands
of everyday life and is designed to
transform kids’ bedrooms,
teens’ rooms and utility rooms into
multifunctional and personal spaces
that change the way people interact
with the home.

Nelle camere dei più piccoli
detta legge la fantasia.
Contenitori, sistemi creativi
e accessori colorati aiutano
a trasformare anche le stanze
più contenute in veri e propri
regni, dove come per magia,
tutto è sempre possibile.

In kids’ bedrooms, fantasy reigns supreme. Containers, creative systems and colourful accessories help to transform even the smallest rooms into genuine kingdoms, where as if by magic, anything is possible.

Color Pop-Up.

La gamma delle finiture della collezione si arricchisce di nuove suggestioni. Nasce il Laccato Touch, una superficie opaca e resistente, capace di regalare al tatto una sensazione vellutata e conferire agli ambienti un tono di sofisticata eleganza. Anche la palette cromatica si amplia, offrendo nuove possibilità espressive.

Scopri le finiture disponibili → **P.338**

Nelle camere Kids il colore è dinamico, proprio come i bambini: agisce aggiungendo tridimensionalità agli spazi e fa apparire anche un ambiente dalle dimensioni ridotte molto più ampio, creativo e di carattere. Il colore può essere utilizzato per sottolineare intere nicchie oppure dettagli, può introdurre contrasti o ricreare atmosfere con tinte naturali. Parola d’ordine: sperimentare.

The range of finishes in the collection is enriched with new inspirations. Lacquered Touch is introduced: a matte, durable surface that offers a velvety feel to the touch and brings a tone of refined elegance to interior spaces. The color palette is also expanded, providing new expressive possibilities.

Discover the available finishes → **P.338**

The colour in kids’ bedrooms is dynamic, just like children: it adds three-dimensionality to the spaces, making even a small room appear much larger, imaginative, and full of character. Colour can be used to highlight large niches or the smallest details, introduce contrasts or recreate atmospheres with natural hues. Watchword: experimentation.

Camerette

Kid's bedrooms

Play, freedom and imagination need combinable, dynamic solutions that can be mixed and matched with utmost flexibility. And as children grow, they must be reinvented. Niches, modular storage elements, colours, custom compositions all serve a common purpose: to create a perfect bedroom today, but also tomorrow.

Gioco, libertà, fantasia richiedono soluzioni dallo spirito mixabile, dinamiche, che possano essere articolate e combinate con estrema flessibilità. E poi reinventate, con personalità, nelle fasi successive della crescita. Nicchie, contenitori modulari, colori, composizioni su misura servono a questo: a creare una cameretta perfetta oggi, ma anche domani.

La sua camera.

Dove oggi inventa storie
e ripone giocattoli, domani
penserà a progetti e custodirà
segreti. Sarà sempre la sua
stanza: piccola ma studiata
nell'organizzazione degli spazi
e nella scelta degli elementi,
per soddisfare le esigenze
del bambino che è, ma
anche del teenager che sarà.
Una camera già pronta
a "crescere" con chi la occupa.

Their bedroom.
Where they invent stories
and keep their toys today,
is where they will study
and guard secrets tomorrow.
It will always be their room:
small but carefully planned
in terms of space and the
choice of elements, satisfying
the needs of the child that is,
but also the teenager that will
be. A bedroom ready to "grow"
with its keeper.

Salva spazio

Space saver

Space to fill, space
to optimise, space to live:
the needs of a child's bedroom
change, from day to night,
from one habit to another.
With foldaway desks and
multipurpose beds, space
becomes mobile, dynamic.
To indulge desires and needs,
doing our best to satisfy them.

Spazio da riempire, spazio
da ottimizzare, spazio da vivere:
le esigenze di una camera bimbi
cambiano, dal giorno alla notte,
da un'abitudine ad un'altra.
Con le scrivanie a scomparsa
e i letti multifunzione lo spazio
si fa mobile, dinamico. Per
assecondare desideri e necessità,
e soddisfarli sempre al meglio.

La stanza dei giochi.

Di mattina è un mondo ricco di movimento e idee sparse sul tappeto. Poi arriva la sera e, con un semplice gesto, dalla parete scende un letto: la stanza si trasforma e lo stesso spazio racconta due storie diverse, ogni giorno.

The playroom.
In the morning it is a world full of movement, with ideas scattered across the rug. Then evening comes and, with a simple gesture, a bed lowers from the wall: the room transforms, and the same space tells two different stories, every day.

Bunk beds and Happy

Dividing. And sharing.
When the family grows
or when the home's doors
open to sociability, it's time
to smartly reorganise the kids'
bedroom space. With bunk
beds that can be personalised
in different configurations.
To optimise and to welcome.
To make "two" a one-of-a-kind
experience.

Lo spazio condiviso.

Ehi sei sveglio?
Raccontiamoci di oggi o di domani. La camera per due è un posto speciale: è il mondo dei letti a castello, degli armadi mansardati, dei ponti e dei soppalchi. Dei segreti prima di dormire.

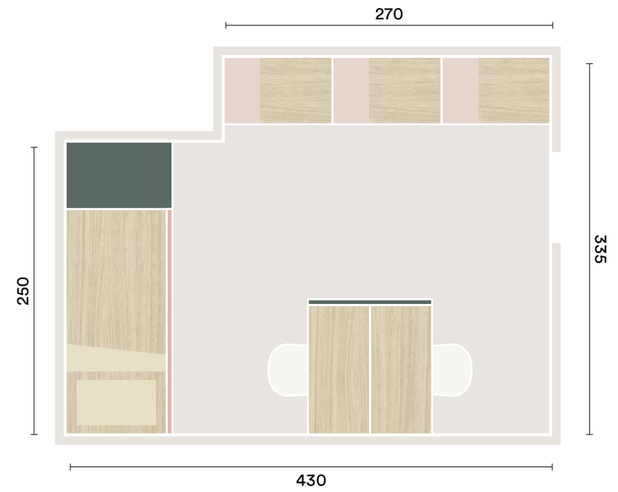

The shared space.
Hey, are you awake?
Let's tell each other about today or tomorrow. A bedroom for two is a special place: it's the world of bunk beds, pitched roof-cut wardrobes, overhead structures and loft beds. Of secrets shared before going to sleep.

Ponti & Soppalchi

Overhead structures and platform beds

Toys, books, clothes and accessories take up a lot of space in a kids' bedroom. Overhead wardrobes and loft beds give children room to play, but also room to store all their precious belongings. Objects that might last for a few days or an entire childhood. It's nice to have a place for everything. And to always find everything in its place.

In una cameretta bambini lo spazio non è mai abbastanza: giocattoli, libri, vestiti, accessori. I ponti e i letti a soppalco regalano ai piccoli spazio per giocare in libertà, e insieme spazio per accogliere tutte le loro cose. Oggetti che dureranno il tempo di qualche giorno oppure quello di un'infanzia intera. È bello avere un posto per tutto. E ritrovare sempre tutto al suo posto.

Una stanza piena di luce.

Due letti, una scrivania e un grande armadio ad angolo disegnano un ambiente condiviso e funzionale, dove ogni cosa trova il proprio posto. E nei cassetti, gli oggetti di sempre: piccoli ricordi che accompagnano la crescita e le giornate insieme.

A room filled with light.
Two beds, a desk and a large corner wardrobe create a shared, functional space where everything has its place. And in the drawers, the familiar things: small keepsakes, reminders of their childhood and days spent together.
